RED SOX WIN SERIES

Boston Outfielder, Star Swatter, Beats Phillies in Ninth, 5 to 4.

## CARNIVAL OF CLOUTS

Teams Get 19 Bingles In All—Rixey Weakens In the Eighth.

By United Press.

PHILADELPHIA, Oct. 13.—Harry Hooper, the redoubtable California right-fielder on the Red Sox team, won the world's series for Boston today when he stepped to the plate in the ninth inning and almost lost the ball in a home-run drive to deep center field. This made the score 5 to 4.

Hooper played the leading role in one of the biggest swatfests ever staged in a world's series game, wallowing three hits, two of them homers. When Hooper landed his four-sacker in the ninth, he broke a 4-to-4 score which the Sox had tied in the eighth, after the game had begun to look like a Philly victory.

Rixey, who relieved Mayer in the third, pitched good ball until the eighth, when he weakened, allowing an infield single and a home-run. However, he gave the Sox only four hits, to Mayer's six. ## TO IMPROVE PACKING HOUSES

Dr. Ravenel Presented Recommendations to Secretary Houston.

Dr. M. P. Ravenel, professor of preventive medicine, has returned from Washington, where he conferred with D. F. Houston, Secretary of Agriculture, about slaughter and packing house conditions. Doctor Ravenel is one of the four members of a commission appointed by the secretary to look into these conditions in the United States.

"Dr. Veranus A. Moore, dean of the veterinary department of Cornell, and I had completed our work and made a joint report to be published in the year book in November," said Doctor Ravenel today.

"We found conditions in general commendable. Our most important recommendations were, first, the establishment of a system similar to the Friebank system in Germany, whereby diseased animals are killed, cooked and sold by the government. Not an appetizing thought? No, but perfectly wholesome meat, and the meat question is becoming such a poignant one that every avenue must be considered. "The second recommendation was for the establishment of a scoring system for slaughter and packing houses, analogous to that now in use for dairies which was brought such excellent results. The psychic effect of such a system would be to gradually raise meat conditions everywhere and in this way the government would reach the places just within the pale: the P's and M's of the slaughter house world, would be raised into the S and E classes. "No, I didn't see Mrs. Gait."

## THE WEATHER.

For Columbia and vicinity: Clearing up this afternoon, generally fair tonight and Thursday; cooler tonight.

For Missouri: Generally fair tonight and Thursday; cooler tonight, probably light frost west portions.

**Weather Conditions.**  
The long trough-shaped depression that yesterday morning extended from Texas northeast to Minnesota gave general rain throughout the Mississippi valley, but all that is left of it this morning is a shallow condition that apparently is being a part of another depression moving southward from Alberta.

Probably the most interesting feature is what appears to be, from reports available, a disturbance of some note moving northward in the Gulf of Mexico.

The only indications of this, thus far, are the curve of the isobars, the direction of the wind, and the heavy precipitation at New Orleans, which was over 4 inches up to 7 a. m. today.

Temperatures are about 10 degrees lower in the Plains States, and from Kansas northward they are near the freezing value.

## Local Data.

The highest temperature in Columbia yesterday was 76 and the lowest last night was 54; precipitation .63; relative humidity 2 p. m. yesterday, 57 per cent. A year ago yesterday the highest temperature was 59 and the lowest 48; precipitation, .00.

## CADETS WILL SIT TOGETHER

Corps Will Turn Out in Uniform for the Oklahoma Game.

The cadet corps of the University will turn out in uniform as a body to root for the Tigers in the Oklahoma game next Saturday. Sections F and G in the bleachers have been reserved for the cadets. All seats in these sections that are vacant after the cadets arrive will be given over to general admission.

C. L. Brewer, director of athletics, is greatly in favor of bringing the athletic and military departments into closer touch with one another, and thinks having the cadets out to root at the games the best way to accomplish his plan.

"The cheering of the cadet corps in the Ames game two years ago will long be remembered," he said. "They made a reputation for themselves and for the University as a student body whose spirit could not be downed. Even though the Tigers were badly beaten, the rooters stayed with them until the final whistle blew."

He is also planning to have the cadet corps turn out in uniform for the Kansas game.

## HIT FRONT AND REAR

Transfer of Capital to Monastir Imminent—Bulgars Striking at Nish.

By United Press.

PARIS, Oct. 13.—Serbia is Europe's storm center today. According to dispatches received here today, the Austro-German armies are forging toward Nish from the north and three Bulgarian armies are striking from the rear. The Serbians are holding out desperately and aid has been promised by the Allies from Saloniki if the Serbians are able to hold out long enough for the arrival of the troops.

The Russians are reported to be ready to land troops on the Bulgarian coast or to strike through Rumania to the war zone. The Allies are preparing another furious drive on the western front, and in the eastern theater of war the Russian armies have crossed Strypa for important gains in Galicia.

The formal declaration of war of Bulgaria against Serbia was given here today, in dispatches from Bucharest. Reports that the Allies were considering the use of Japanese troops in the Balkans has been discredited by French authorities.

Such a move is considered dangerous by high officials because of its possible effect upon the opinion of neutrals. The transfer of the Serbian temporary capital from Nish to Monastir is expected within the next forty-eight hours, as it is conceded that the Bulgarians will capture Nish.

## Attacking on Wide Front.

VIENNA, Oct. 13.—The Austrians and Germans are attacking the Serbians all along the line today, according to announcements made here. The line attacked extends from the south bank of the Danube River to the east side of the Drina. The Central Powers control hills overlooking all the river crossings.

The Serbs are offering a severe resistance. The Austrian forces have advanced southward from Belgrade, capturing Mount Lipar. The Germans are driving back the Serbians from Semendria toward Posarevac.

The Montenegrin forces are reported to be increasingly active and sharp skirmishing is said to be in progress on their frontier.

## Berlin Reports Victories.

BERLIN, Oct. 13.—The Austro-German armies have captured Zelesnik at the top of Chider Heights, south of Belgrade, according to an official announcement made today. The Serbians offered only a feeble resistance. The Russian offensive in the Divinsk region has been broken in the eastern campaign.

ATHENS, Oct. 13.—The Serbians have repulsed a Bulgarian attack upon positions south of Zeithar located on the Nish-Prochorovo railroad, according to information received here today.
